Comments from head coach Nick Bradley:

The Monarch wrestling squad did an outstanding job on this Saturday. We placed 7th out of 8 teams; however, we only took 7 guys. The seven guys I took were guys I felt had the experience to do well in this tournament. We placed very well throughout the lineup and finally got a champion out of Jacob Heiden. Overall we wrestled extremely well. The boys are listening and learning how to become great wrestlers. I am very excited to roll into Christmas break with this momentum. Jesse Preul wrestled well today and finished 2nd overall. Andrew Crawford is wrestling up a weight and did well. Kyle Mathies stepped up and had several good matches. Kyle lost to the champion in the first round by two points. Kyle is really learning how to control his body and the mat. Jacob Heiden was very impressive. The young man is strong and confident in his abilities to win. Jacob goes out on the mat with the mindset to win and win with a pin. This is exactly what he did today. Jacob pinned his way through the finals. A big CONGRATULATIONS to Jacob on his first tournament win. Look for Jacob to continue domination after Christmas. Also, congratulations to the Monarch wrestling squad for trying their best in the Tiger-Knight Tny.
